ALESSANDRO DAVID - Keyboards

Born in Rome (Rm) Italy, on July 10, 1969, from an early age he had a lot of interest in music, especially in keyboards. At the age of 8 he began studying the piano with a teacher from the Santa Cecilia Conservatory in Rome, who will follow him up to the age of 14.

From 16 years onwards the musical adventure begins with the "Sinedrio", a band with which he composes unpublished songs in rock new wave style (filed regularly at SIAE), with which he arrives in the semifinals at the Sconosciuti Festival in Ariccia (Rm) , conducted by Rita Pavone and Teddy Reno.

He collaborates and arranges a piece of the CD by the artist Fabrizio Galanti.

From 2000 onwards it will be a succession of bands with which he will collaborate and perform in various musical situations, including high level Italian and international ones.

From 2018 to 2019 he is part of the band "Telanonima", which proposes the songs of the great Franco Califano.

In February 2020 he joined the Starlight Italian Nightwish Tribute as keyboard player / composer.
